## VT FLOW Bluetooth headset

Premium sound quality, ultra noise cancellation, exceptional comfort and portability  
VT FLOW is designed for hybrid work.

### Designed for the On-the-Go Professional

Whether commuting, traveling, or transitioning between meetings, the VT FLOW is designed to adapt to your dynamic workday. With up to 50 hours of music playtime, dual Bluetooth connectivity, and up to 30m wireless range, it ensures seamless transitions between devices like your laptop and phone. The foldable design and hide-away boom arm mic enhance portability, keeping you effortlessly connected wherever work takes you.

### Stay focused and heard with the VT FLOW

With VT's next-gen ImmersiveClear Technology, the Hybrid ANC creates a quiet space for deep focus for maximum comfort and noise cancellation. Dual microphones with VT's DeliverClear Technology filter out background noise, ensuring your voice is clear even in noisy environments like offices or cafes.

Need to stay aware of your surroundings? The HearThrough feature lets you stay aware of your surroundings without removing the headset, adapting to your needs with a single click.
